## **Gimme Friday** (and I'm happy)

I know nothing much, I'm alive, that's enough  
Rain is good and so is pain  
The sun it leaves  
But it comes round again

Give me Friday and I'm happy  
No more work and nothing else to do  
Give me Friday and I'm happy  
Lay down 'n stare into the blue  
Give me Friday  
And my whole life with you

I know, I'm a fool  
Got no sins, break no rules  
Life is good, oh what a game  
Better enjoy it, it won't come round again

Give me Friday and I'm happy      *etc*

I know, and what I know  
I don't know nothing but  
The sun and the rain more than I do  
We don't know nothing but  
That's more than we really well ought to

I know who I am  
I'm me, just a man  
The world is good but all the same  
I'd rather be back home again

Give me Friday and I'm happy      *etc*
